

WHO WE ARE

OGPSGroup is an asset-heavy manufacturing and sourcing headquarters in Guangdong, China, serving outdoor living brands and retail chains across North America and Europe. We build patio and outdoor furniture in-house, source related categories through a vetted Tier-1 network, and consolidate everything into density-optimized FCL shipments.

One partner, one purchase order, one container.

HOW WE WORK

- 01 Program Call (30 min)**
Align on category mix, materials, target market, price band, and annual volume.
- 02 Line Plan & Costing (3–7 days)**
Map SKUs, materials, and program structure — priorities, phasing, and cost direction.
- 03 Sampling & Lock-In (~10–18 days)**
Physical samples, finish/fabric confirmation, and packaging direction before mass production.
- 04 Production & QC**
Production against frozen specs with multi-stage checks before goods are released.
- 05 Container-Ready Delivery**
Packaging finalization, loading plan, and export documents as one shipment program.
